

National Law School of India  
University, Bangalore.  
Corporate Governance Chair

A. Report on the sanctioned schemes for 2007-08

# 1. Declamation contest

- Many of the final year students who enrolled for the contest backed out as they got convertible job offers from leading foreign law firms. Hence I had to get new students signed up for the contest. The last date for submission of the paper is 25-3-2008. Immediately after this, the oral defence of the paper & written component will be evaluated. Had a preliminary talk with OUP India for the publication of the papers under the joint auspices of NFCG & NLSIU. The initial response was favorable

## 2. Study of case law relevant to Corporate governance

- Working is being done. Hitherto it was on a slow pace as the research team was also involved in the research work assigned by SEBI. As the latter work had to be finished urgently, much time could not be devoted to the case study. SEBI work is over and the case study will be given top priority. The work will be completed in the year 2008-09

### 3. Research project on Group companies

- Though the research team was constituted and the research work was commenced , this project also could not gain momentum due to the reasons mentioned above. Hopefully the work will be completed in the year 2008-09. I have requested Prof.N.Balasubramanian of IIM, Bangalore to be associated with this project as a research guide along with me. He has kindly consented

## B. Fresh proposals for 2008-09

- 1 )Conduct of the national moot court competition to the undergraduate students of law on issues related to corporate governance.
- 2)One week Orientation programme on corporate governance and related issues to Law teachers of Indian Universities.

- 3) Legal literacy campaigns on the issues related to corporate governance, social responsibility and allied topics . The targeted audience can be middle level staff of the corporate bodies, Undergraduate students (Legal & Non Legal)
- Preparation of brochures & pamphlets on specific issues on corporate governance.

- The Cost of the above programmes has not been worked out. But if NFCG finds that they are worth pursuing , the cost can be worked out and submitted within a week.
